

Too Drunk To Drive Drunk

Joe Louis Walker

Got off words
Got in a heavy round
A couple games of pool
Just a wind on dime
Ready to leave
I couldnâ€™t find my keys
The bartender says heâ€™s got them
But theyâ€™re staying here with me

Cause youâ€™re too drunk to drive drunk this time
Too drunk to drive drunk this time
I know you might have did it a million times before
But you ainâ€™t driving outta here like this no more

I went and looked at my car
My car looked back to me
I said we canâ€™t go nowhere
The bartenderâ€™s got my keys
You mighta driven drunk outta here before
But ainâ€™t goin let you do it anymore

Cause youâ€™re too drunk to drive drunk this time
Youâ€™re too drunk to drive drunk this time
I know you might have did it a million times before
But you ainâ€™t driving outta here like this no more

Well, I went back in and had another round
I planned some more booze to try to wine down
Iâ€™m ready to leave couldnâ€™t find my keys
Bartenderâ€™s still got â€™em and staying here with me

Youâ€™re too drunk to drive drunk this time
Youâ€™re too drunk to drive drunk this time
I know you might have did it a million times before
But you ainâ€™t driving outta here like this no more

Youâ€™re too drunk to drive drunk this time
Too drunk to drive drunk this time
I know you might have did it a million times before
But you ainâ€™t driving outta here like this no more
