

No Escapin' This

jj

Always on vacation
Blame it on my occupation
Sentenced twenty to life
No escapin' this Now in violation
Due to my determination
Sentenced twenty to life
That's why I'm escapin' this Got caught in the act
With nothing, in fact
I'm just a kid with my breath to lose
And now, I know that my one biggest mistake was someone else's
If you ask me why, I couldn't tell you why So now... you will wander on just like me
