

# Let Me in Your Life

## Creative Source

La, la, la  
La, la I only want to love you  
Please dont push me away  
Let me in your life I wasnt even there when he hurt you  
So why should I have to pay  
Let me in your life I want to share your tomorrows  
So I must beg you today  
If hes the cause of your sorrows  
Be glad that hes gone away I need someone, let me love you  
Please dont push me away  
Let me in your life La, la, la  
La, la  
La, la, la  
La, la
