Melting

Bjorn Rohde

I Will Sing You A Song, I Will Save You A Dance
If You Just Give Me A Chance
A Little Piece Of Your Mind, Little Bit Of Your Time
To Let It Unwind
I Would Love To
For My Digital Beauty
The One I Reach To
See...What Is It I Don't Get, Something I'll Never Forget
Something Good That Hasn't Even Started Yet
Oh It Started
From Behind The Scenes
Cause We Started So Deep
In A Journey Beyond Sleep
And Slowly To The Flesh We Creep
Its So Good That It's Bad
It Might Be The Best Damn Thing That I Ever Had...
This Is A Peek At Best
What's Coming Is Coming
And It's Electrical Rest
I Can Feel It Now
Wow
You're Killing Me TooHappen To Me, Well You See
I'm Still Melting
Over You, I'm Still Holding On
And Baby Well,
I'm Still Melting
And I'm Burning
Frozen No More
Because Of YouCause I Fell Hard, But Not Hard Enough...You Didn't Even Notice
Baby Baby Baby
A Ninja Of Fresh Air
And Honey On Her BreathI Took That Risk And I Jumped Ship
And Now I'm Waving My Arms Drowning In The Ocean
While You Go On Saying Everything I've Been Trying To Say
And Now Id Be Foolish To Let You Get Away
So Stay With Me Awhile...Cause I'm Still Melting
Over You,
Ohh Well I'm Still Holding On
To All Your Words

And I'm Still Feeling Love, Love, Love,
I'm Still MeltingSo Lets Get Out Of Here
Feel Like Chasing My Fears
You Never Said Too Much, I Shoulda Took It As A Clue
That It Would Only Be A Matter Of Time, Till I Was Falling All Over YouCause I'm Still Melting
Over You, I'm Still Holding On
I'm Still Dreaming, So Don't Wake Me Yet
Cause I, I Don't Want To ForgetHow You Picked Me Back Up
And You Lay My Head Down
And Now I Feel You Heavy, Over Me
And Now I'm In To Deep Now
Well...I'm Still Melting....
Over You....
Yeah I'm Still Holding On...
Baby, I'm Still Dreaming, So Don't Wake Me Yet, Cause I....
I Don't Want To Forget...
