

Don't Get Me Started

Ace Hood

Advisory - the following lyrics contain explicit language:

You don't want to get me started ho
You don't want to get me started ho
Ace Hood
We the best, YMCMB
My nigga fuck what you say, my niggas all for the cake
Was on the block every night, was on the block every day
I do this shit for my fam, you do this shit for the fame
I kept it real from the jump, and that's just how I remain
Don't get me started, don't get me started
My nigga my nigga don't get me started, don't get me started
My niggas gorillas they go so hard, so dumb retarded
'Cause a nigga wanna think he's sweet then try me
Don't get me started, don't get me started
OK now clique full of niggas with tempers
Clique full of niggas and killas
Wanna count me out, OK then,
Look into a nigga eyes, remember
I'm the same lil nigga from the block ho
In the drop still rock with the Glock on
I'm about that cream, guaplage on
Don't get me started up ho
I come through whippin' the Phantom
Y'all niggas really can't stand it
Them hoes really be jockin'
Diamonds that got them watchin'
Say Ace ain't getting' no money
Pussy, I beg your pardon
You don't wanna get me started
You don't wanna see how I'm ballin'
OK OK, what it look like?
Pull that new thing out then it's good night
With a bad bitch, she's so thick
She rollin, I know this
And her neck gon' froze nigga know that

Act up, nap like a Kodak
And these niggas these niggas
These niggas these niggas
These niggas these niggas won't hold backMy nigga fuck what you say, my niggas all for the cake
Was on the block every night, was on the block every day
I do this shit for my fam, you do this shit for the fame
I kept it real from the jump, and that's just how I remain
Don't get me started, don't get me started
My nigga my nigga don't get me started, don't get me started
My niggas go real as they go so hard, so dumb retarded
'Cause a nigga wanna think he's sweet then try me
Don't get me started, don't get me startedOK them pussy niggas be hatin', focus on what I'm makin'
Came through in that Phantom, them pussy niggas can't take it
Spent big bread on my chain
Still long strokin' your main
I'm rich nigga like yea nigga
They hopin' I stay the same
They say I changed when I got fame
Bitch niggas, they complain
Flat black in that 2 door
Nigga must think he Bruce Wayne
They like damn Hood what it be like?
All them diamonds, you don't need lights
New bitch like every day
Swear to God you won't see her twice
That purple that got me leanin'
They don't wanna get me started
Come on this hook, no phonics
Introduce this shit and go retarded
Chopper in the trunk in case your mood swing
Extended clips that's standin' tall, 2 ChainzMy nigga fuck what you say, my niggas all for the cake
Was on the block every night, was on the block every day
I do this shit for my fam, you do this shit for the fame
I kept it real from the jump, and that's just how I remain
Don't get me started, don't get me started
My nigga my nigga don't get me started, don't get me started
My niggas go real as they go so hard, so dumb retarded
'Cause a nigga wanna think he's sweet then try me
Don't get me started, don't get me started
