

Return to the Morbid Reich

Vader

Decades went by as the crusades marched on
Huge army blessed by sanctuary in black
Guardians of Empire, our Morbid Reich
Sky-touching castles, dark palaces where Evil never dies(lead Spider)
(lead Peter)We march again to wipe out the unpure
All light is threatened by the dark
Flags smashed by the might
Ruined and splintered, the age of demise has arrived(lead Peter)
(lead Spider)
