

# Again, Again and Again

[\*\*David Allan Coe\*\*](#)

Give me just a second, I'll find something to say  
Had I just a minute, I'd have made the great escape  
What could he do, what could he do when she saidI want, I want youWhat'll it take for you to surrender?  
I gave you a taste oh how you've grown  
This great trial, this self-denial, it's a trial to leave you clean  
'Cuz I like it dark and low, you knowRare blind recognition rushed in with a breath  
Turn to salutation, slyly she said, "Haven't we met?"  
Let our history repeat itself one too many times  
For every time we return to our scene it seems less like a crime  
What could I do, what could I do when she saidI want, I want youWhat'll it take for you to surrender?  
I gave you a taste oh how you've grown  
This great trial, this self-denial, it's a trial to leave you clean  
'Cuz I like it dark and low, you know'Cuz I like it, 'cuz I like it  
'Cuz I like it, 'cuz IWhat'll it take for you to surrender?  
What'll it take for you to surrender?What'll it take for you to surrender?  
I gave you a taste oh how you've grown  
This great trial, this self-denial, it's a trial to leave you clean  
'Cuz I like it dark and low, you knowYou know  
You know
