

The Haunted Hunt

Light Up The Sky

Late at night I sneak inside your room
Your eyes are staring back at me
Telling me to go with you And I can feel you lying by my side
Your breath is chilling down my spine
Everything is froze in time And I...I don't wanna remember everything
'Till you put your hand on my
Now I can feel the night I'm gonna find you
I'll never let you get away
Take my heart
Take my hands
You know I'll see you again
Now the night starts changing Now I'm on my own
That doesn't mean I'm going down tonight
Without a fight I'm gonna find you
I'm gonna send you back to hell Night has come and now I hear the sound
Your screaming soul, it calls to me
Floating right above the ground I run and hide
My heart is beating fast
I don't think I'm gonna last Your eyes are glowing red
Smelling the taste of revenge
But now it's time that I take you down I'm gonna find you
I'll never let you get away
Take my heart
Take my hands
You know I'll see you again
Now the night starts changing Now I'm on my own
That doesn't mean I'm going down tonight
Without a fight I'm gonna find you
I'm gonna send you back to hell Now that I have you, I see you for what you are
I have your soul
You're nothing more, but just a scar And the time has come for you to leave this grave
Now that you're done and gone
I'm not your slave Now that you're gone
I start to change
I feel no pain
Oh what is happening
