

Anthrax

Anthrax

Steel shattered in the night
Soldiers racin' to the fight
Bombs waitin' to explode
Fear is cast up on your soul, whoa
It's just around the corner
For those who dare to see
With eyes of fire
The burn right through me
Blood painted on the streets
Metal cuttin' into meat
You can see it in my eyes

Pain that never will subside
And you can feel the power
On evil it will feed
The force that surrounds me
It brings me to my knees
We better run for cover
There's no time to waste
'Cause if you turn your back now
It'll blow you away, yeah
