# Dream Baby

## Dion

Sweet dream baby
Sweet dream baby
Sweet dream baby
How long must I dream?
Dream baby got me dreamin' sweet dreams
The whole day through
Dream baby got me dreamin' sweet dreams
Night time too
I love you and I'm dreamin' of you
But that won't do
Dream baby make me stop my dreamin'
You can make my dreams come true
Sweet dream baby
Sweet dream baby
Sweet dream baby
How long must I dream?
Dream baby got me dreamin' sweet dreams
The whole day through
Dream baby got me dreamin' sweet dreams
Night time too
I love you and I'm dreamin' of you
But that won't do
Dream baby make me stop my dreamin'

You can make my dreams come true
Sweet dream baby
Sweet dream baby
Sweet dream baby
How long must I dream?
Won't you come into my world tonight?
Then my heart now will reveal
Hold me close in the warm morning light
Won't you turn my dream to real?
Dream baby got me dreamin' sweet dreams
The whole day through
Dream baby got me dreamin' sweet dreams
Night time too
I love you and I'm dreamin' of you
But that won't do

Dream baby make me stop my dreamin'
You can make my dreams come true
Sweet dream baby
Sweet dream baby
Sweet dream baby
How long must I dream?
