## **Blue Collar Lullaby**

## **Coalesce**

As long as there is still breath

Left in your body, friend

Just move, just moveYoull sleep some other day

Some other time, some other place

Just pray that your hands don't breakWe walk with hard hearts and sharper tongues

The price we paid, paid in strengthWe walk with hard hearts and sharper tongues

The price we paid, paid in strengthWe walk with hard hearts and sharper tongues

The price we paid, paid in strengthRun, fight, runWe walk with hard hearts and sharper tongues

The price we paid, paid in strengthRun, fight, runWe walk with hard hearts and sharper tongues
