

# Zero Zero Ufo

## Ramones

It landed in a field in Idaho  
Where it came from, I don't know  
It did not look like it came from Japan  
And out of the dark walked a strange man  
If you think it's a pack of lies  
I saw it happen with my own eyes  
A million miles from the Milky Way  
A hundred years, a month and a day  
Zero, zero, UFO  
Zero, zero, UFO  
When media writes, the neon lights  
Spaceship travels at the speed of light  
A million stars in the sky

I here the queen's on the alien's side  
If you think it's a pack of lies  
I saw it happen with my own eyes  
A million miles from the Milky Way  
A hundred years, a month and a day  
Zero, zero, UFO  
Zero, zero, UFO, hey  
Zero, zero, UFO  
Zero, zero, UFO  
Zero, zero, UFO  
Zero, zero, UFO, hey
