

Girls (Dante Remix)

Beatrice Eli

I've been listening to you breathing
I've been tryna count sheep yeah
I've been staring at the ceiling for so long
Hoping you would comeThinking of my teacher
 Yeah my sixth grade teacher
 With her long dark hair
It always works getting me aroused
 Girls
 Girls
 Girls
I've seen this girl on the TV
 See this girl in the mall
 I see pictures in my head
Of my head between her legsI see girls in my building
 I see girls on the train
 I see pictures in my head
I can't make go awayI've got the girls on my mind
 All the time
 All the timeI kissed you like i meant it
 But you know i never felt it
 Boy I never meant to make you sad
But I'm sick of hiding my heartbeat when I size 'em
 So I came to the conclusion
I like girlsI've seen this girl on the TV
 See this girl in the mall
 I see pictures in my head
Of my head between her legsI've seen girls in my building
 I see girls on the train
 I see pictures in my head
I can't make go awayI've seen this girl on the TV
 See this girl in the mall
 I see pictures in my head
Of my head between her legsI've got the girls on my mind
 All the time
 All the timeI've seen this girl on the TV
 Seen this girl in the mall
 I see pictures in my head
Of my head between her legsI've seen girls in my building
 I see girls on the train
 I see pictures in my head

I can't make go awayGirls!
