1940 - Amplive Remix

The Submarines

Somethings wrong when you regret
Things that haven't happened yet
But it's a glorious day when morning comes
Without the feeling of alarmSo rise, and shine
Now's the time to be alive
To stay awake with me a while, and smileYou couldn't sleep for the awful fright
That kept you up in bed last
But curious shape shift in the dark,
They vanish with the sunrise sparkSo rise, and shine
Now's the time to be alive
To stay awake with me a while, and smileSo rise, and shine
Now's the time to be alive
To stay awake with me a whileSo rise, and shine
Now's the time to be alive
To stay awake with me a while, and smileSomethings wrong
