

# Fool`s Paradise

## Bodycall

I often think off the live I've led  
And oh, it's a wonder, I ain't dead  
Drinking and gambling, staying out all night  
Living is a fool's paradiseMy mother told me and my father told me too  
Said my child, it's all catch up with you  
Drinking and gambling, staying out all night  
Living in a fool's paradiseThough I've learned my lesson  
Like all fools I've met  
Oh, I've learned things in this life  
That I haven't forgotten yetMy father told me, my mother said it right  
Said my son, you're ruining your life  
Drinking and gambling, staying out all night  
Living in a fool's paradiseOh yeah, living in a fool's paradise
