Subnautic Stimulus (feat. Dr. G)

Rockit Gaming

Lost at sea and I'm underneath
Trying to find my way back feel like I can't breath
Hear my screams like a submarine
Trying to find my way back feel like I can't breath
Feeling the pressure, deep in the abyss
The craziest adventure; how can I resist?
And I'm passing through corridors, but they go on so infinite
I'm into this
Subnautic Stimulus
(refrain) Deep underwater swimming with the monsters
Subnautic Stimulus
Need these aquatics, get me to the surface
Subnautic Stimulus
Bacteria grows, the water feel cold
These aliens know that I'll never get home
Precursors I'm calling them the aliens
So lethal like a needle going in the skin
Building for pleasure, deep in the abyss!
The scariest adventure, but I must persist.
Silence the senses, nothing else exists
I'm into this
Subnautic Stimulus
Deep underwater swimming with the monsters
Subnautic Stimulus
Need these aquatics, get me to the surface
Subnautic Stimulus
Subnautic, so subnautic; Subnautic Stimulus(3 times)
Deep underwater swimming with the monsters
Subnautic Stimulus
Need these aquatics, get me to the surface
Subnautic Stimulus
