

Bullshit Aside

Lime Cordiale

Advisory - the following lyrics contain explicit language:

Take your butt off that high horseâ€
I've had it up to here with your gimmicks
You're dialing all these ordersâ€
You hold me by these strings in your hands Well I can see it's spilling out of you
And it's falling all off on me Now, put this bullshit aside
Give your old tricks up
Give up your lies Tried to open this door to you
To the other side
When I open your head up
There's nothing there at all to find Well I can see it's spilling out of you
And it's falling all off on me Now, put this bullshit aside
Give your old tricks up
Give up your lies Now, I put my tenderness aside
You tried to tell the truth
You tried
