

Kill The World

Motorhead

Out of the way, you're in the lost and found
Been a long time waiting 'til we hit the ground
See the fool, lose it all
Ain't no lifetime long enough to use it all
They say, it's here tomorrow, gone today
Tell the judge it's my way or the highway
And in the end it's all the same
You got to move, momma didn't raise no fools
You got to fight, live or die shoot out the lights
Pass the word, save yourself and kill the world
Save yourself and kill the world
We got to get you home because you're burned out
Didn't take too long before we found it out
See the drowned, drink it all
Ain't no ocean deep enough to sink it all
They say, it's here right now and gone before
Tell the hand we're harder than a hardcore
And in the end it's all a game
You got to move, momma didn't raise no fools
You got to fight, live or die shoot out the lights
Pass the word, save yourself and kill the world
Save yourself and kill the world
So now you're back, I hope, you know your place
Didn't take too long to get in your face
See the burned, light your fire
Ain't no hell that burns enough for my desire
You say, it's blasphemy that's too bad
Could have been the best time that you ever had
And in the end, the hungry flames
You got to move, momma didn't raise no fools
You got to fight, live or die shoot out the lights
Pass the word, save yourself and kill the world
Save yourself and kill the world
