

Slow Life (with Victoria Legrand)

Grizzly Bear

I think I know whats on your mind
A couple words, a great divide
Waiting in the wings, a small respite
Crowding up the foreground from behind Even though youre the only one I see
It's the last catastrophe
Place your bets on chance and apathy Take anything you want, its fine
Keep up the slow life for the night
Dont take it back, Ill just deny
This constant noise all the time Even though youre the only one I see
It's the last catastrophe
Place your bets on chance and apathy
From the wind in front of me Even though youre the only one I see
It's the last catastrophe
Place your bets on chance and apathy
From the wind in front of me Even though you're the only one I see
