Hey You! (Remix) [Trumpet Mix]

Divine

I want a sure shot, worm that's going tough
I want a sure shot, who'll love me when I'm rough
I want a sure shot, fireing through the night
I want a sure shot, who'll always do it right.Caress me, undress me, fill me with desire
Do the kind of things to me that set my heart on fire(repeat)Hey you! Get on the floor, it's only natural love
Hey you! I'm getting hot, it's only natural love
Hey you! Spin around, it's only natural love
Hey you! It's only natural love.I want a sure shot, worm that's going tough
I want a sure shot, who'll love me when I'm rough
I want a sure shot, fireing through the night
I want a sure shot, who'll always do it right.Caress me, undress me, fill me with desire
Do the kind of things to me that set my heart on fireHey you! Tantilize, it's only natural love
Hey you! Mesmorize, it's only natural love
Hey you! Satisfy, it's only natural love
Hey you! Get on the floor, it's only natural love
Hey you! Spin around around, it's only natural love!Take your time, harden up, it's only natural love
Take your time, you'll feel sublime, it's only natural love
Take your time, you're doing fine, it's only natural love.
