The Private Pain Of Techno Destructo

GWAR

FOOLS, how dare you try to make a slave of me, Techno Destructo scumdog of the
universe. it only allowed me to infiltrate your own race. how easy it was for
me to
gain control of the feeble minds of your already revolting slaves, and turn
them
against you. well this now marks the dawn of a new era. for tonight you shall
witness an end to GWAR.
I got gas and oil flowing through my veins
I got wire and plastic in my brain
I'm Techno Destructo!
Techno Destructo!
I got steel in my skull, harder than rock
and rubber and iron in my cock!
GWAR must die!
We were all put on this earth to suffer,
We each have our own private pain.
We must pass this pain onto our brother,
The never ending cycle starts again.
You can't kill me
You won't break me
Chain me, Beat me
Cut me, Kick me
Whip me, Strip me
Burn me, EAT ME!
You'll just make me...
I came to this planet to get my men
to conquer the world with them 'm Techno Destructo!
Techno Destructo!
I said "come with me, fly into the sun!"
but they said "FUCK NO
We're having to much fun!"
GWAR must die!
We were all put on this earth to suffer,
We each have our own private pain.
We must pass this pain onto our brother,
A never ending cycle starts again.
You can't kill me
You won't break me
Chain me, Beat me

Cut me, Kick me
Whip me, Strip me
Burn me, EAT ME!
You'll just make me stronger!
