

Talk to Me, Dance with Me

Hot Hot Heat

You are my only girl but you're not my owner girl
You are my only girl but you're not my owner(x2)Talk to me dance with me here in the spot light girl
Talk me to dance with me here you're the spot light girlSo perfect you paint it yet so manipulated
So calm and so patient yet oh so calculated
So safe and comforting this doesnt feel like flirting
So fun I'm distracted come back and keep track of itSo perfect you paint it yet so manipulated
So calm and so patient yet calculated(x2)Talk to me dance with me here in the spot light girl
Talk to me dance with me here you're the spot light girlYou are my only girl but you're not my owner girl
You are my only girl but you're not my owner(x2)Talk to me dance with me here in the spot light girl
Talk to me dance with me here you're the spot light girl(x2)
