

# Wretches and Kings

## LINKIN PARK

To save face  
How low can you go  
Talk a lot of shit but yet you don't know  
Static on the way make us all say whoa  
The people up top push the people down low  
Get down and obey every word  
Steady get in line if you haven't yet heard  
Want to take what I got don't be absurd  
Don't fight the power and nobody gets hurt  
If you haven't heard yet than I'm letting you know  
There ain't shit we don't run when guns unload  
And no one make a move unless my people say so  
Got everything under control  
Now everybody go

Feel alone, final blow  
We the animals take control  
Hear us now, clear and sure  
Wretches and kings  
We come for you

So keep face  
How slow can you go  
Talk a lot of shit and yet you don't know  
Fire on the way make you all say whoa  
The people up top and the people down low  
Get down and I'm running it like that  
The front of the attack is exactly where I'm at  
Somewhere in between and kicking the hi-hat  
The pen and the contract, the pitch and the contact  
So get with the combat  
I'm letting them know  
There ain't shit you can say to make me back down low  
So push the button and the whole thing blows  
Spinning everything out of control  
Now everybody go

Feel alone, final blow  
We the animals take control

Hear us now, clear and sure  
Wretches and kings  
We come for you

Feel alone, final blow  
Filthy animals bet them blow  
Skin and bone, black and blue  
?? -the sunshine  
We done for you

From the front to back  
And the side to side  
If you feel what I feel  
Put them up real high

From the front to back  
And the side to side  
If you feel what I feel  
Put them up real high

Front to back  
And the side to side  
If you feel what I feel  
Put them up real high

Front to back  
And the side to side  
If you feel what I feel  
Put them up real high

Front to back  
And the side to side  
If you feel what I feel  
Put them up real high

Front to back  
And the side to side  
If you feel what I feel  
Put them up real high
