

We Knew Him Well

Down

Distrust the artist...
Sane enough to be hanged...
From Troubled Tree tops...
Word of debt omit...Was it not good enough?
A ten year steep decline...
Tangled in a mother's mother's mother...
A history of a brother...Distrust the artist...
Sane enough to blind...
Genius Eccentric...
Sympa-fucking-thetic...Hedonistic headlock... (verses)
Older better times...Consumed with another other's other...
Ripped out hearts of brothers...
(it's one or the other)...Distrust the artist...
self-extorted anxiety...
subsidence into lethargy...
self-confessed defeat...Wise up good luck...
Killing our heads and the body did die...
