I Got This

Big K.R.I.T.

I got this here, I got this here, nigga I got this here
I got this here, I got this here, nigga I got this here
I got this here, I got this here, nigga I got this here
Big backyard with a house on the hill
Old school whip with some big ass rimsFuck these haters and fuck these hoes
Fuck these haters and fuck these hoes
Fuck these haters and fuck these hoes
Fuck these haters and fuck these hoesFuck these haters and fuck these hoes
Fuck these haters and fuck these hoes
Fuck these haters and fuck these hoes
Fuck these haters and fuck these hoesWell, I suppose niggas gon' hate on me
Well, that's cool
I got shows, getting money I can barely fold
'Cause that's what I doAnd ain't nobody gon' pimp K-R-I-T
Yeah, that's how I feel
And them diamond niggas always rhyming 'bout
It's against my willAnd ain't nobody gon' check none of me or mine
In God I trust
If you think I'm out here tricking these hoes
You got me fucked upAnd ain't no playing in the south, turn a bad bitch out
When I grab my pipes
Y'all niggas think this shit came oh so easy
It wasn't over night, butI got this here, I got this here, nigga I got this here
I got this here, I got this here, nigga I got this here
I got this here, I got this here, nigga I got this here
Big backyard with a house on the hill
Old school whip with some big ass rimsFuck these haters and fuck these hoes
Fuck these haters and fuck these hoes
Fuck these haters and fuck these hoes
Fuck these haters and fuck these hoesFuck these haters and fuck these hoes
Fuck these haters and fuck these hoes
Fuck these haters and fuck these hoes
Fuck these haters and fuck these hoesNow I suppose I'm doing quite alright
Ever since I blew
Never worry about me or worry about mine player
Worry about youAnd ain't nobody gon' block my shine today
With the roof gone
I got a top notch bitch, you need something like this
But you gotta get your ownAnd ain't nobody gon' wreck this hard

When I'm traveling down the boulevard
Now they hollering out, "Oh, my God"
'Cause they never seen rims this largeThat's country shit
Well, that's cool 'cause I'm country, bitch
I never turn my back, I burn on wax
And stack my cash 'til I'm country rich, 'causeI got this here, I got this here, nigga I got this here
I got this here, I got this here, nigga I got this here
I got this here, I got this here, nigga I got this here
Big backyard with a house on the hill
Old school whip with some big ass rimsFuck these haters and fuck these hoes
Fuck these haters and fuck these hoes
Fuck these haters and fuck these hoes
Fuck these haters and fuck these hoesFuck these haters and fuck these hoes
Fuck these haters and fuck these hoes
Fuck these haters and fuck these hoes
Fuck these haters and fuck these hoesI got this here, I got this here
Chevy's on that chrome
Living in my zone
'Til a player goneI got this here, I got this here
Doing it how I feel
Doors open for hoes
Haters in my grillI got this here, I got this here
Diamond in the back
Slamming on these doors
Trunk beat 'til it crackI got this here, I got this here
Get it how I live
Smoking on that good
Cracking on my sealI got this here, I got this here, nigga I got this here
I got this here, I got this here, nigga I got this here
I got this here, I got this here, nigga I got this here
Big backyard with a house on the hill
Old school whip with some big ass rimsFuck these haters and fuck these hoes
Fuck these haters and fuck these hoes
Fuck these haters and fuck these hoes
Fuck these haters and fuck these hoesFuck these haters and fuck these hoes
Fuck these haters and fuck these hoes
Fuck these haters and fuck these hoes
Fuck these haters and fuck these hoes
