

I Walk Alone (Batista)

Saliva

Yeah! This television has a poison on its breath
This counter culture of both wicked lives and death
It makes my eyes bleed every time I turn around
How will they all feel when I bring them to the ground?
And I said I walk for miles inside this pit of danger
A place where no one follows me, I walk alone I'm sick of all these people talking out their heads
I never understood a damn thing that they said
From words to actions never knowing what they're about
I guess I'll have to chew them up and spit them out
And I said I walk for miles inside this pit of danger
I've swallowed down a thousand years of anger
The weight of the world is falling on my shoulders
A place where no one follows me, I walk alone Yeah! I walk alone! Yeah! Yeah! I walk for miles inside this pit of
danger
I've swallowed down a thousand years of anger
The weight of the world is falling on my shoulders
A place where no one follows me, I walk alone Yeah! I walk alone! Yeah!
