

Kiss the Stars

[Pixie Lott](#)

Baby baby we're on the rocket, Venus and Mars now, can't be apart now.
Baby baby put me in your pocket, we're on a mission, get in position. Put the plug in the socket give me all of
your power. When you turn it on
i can go for hours. Hit the switch, push the button baby then you'll see we
can have it all baby you and me. Kiss the stars tonight, you and me oh we will, write our names in lights. They
will see
we're in love tonight, love tonight, we're in love tonight, love tonight. Love tonight,
love tonight, we're in love tonight.....Baby baby we're on the rocket, wherever we land you'll be my space man.
Baby baby we're supersonic, now we're together we'll last forever Put the plug in the socket give me all of your
power. When you turn it on
i can go for hours. Hit the switch, push the button baby then you'll see we
can have it all baby you and me. Kiss the stars tonight, you and me oh we will, write our names in lights. They
will see
we're in love tonight, love tonight, we're in love tonight, love tonight. Love tonight,
love tonight, we're in love tonight....Put the plug in the socket give me all of your power. When you turn it on
i can go for hours. Hit the switch, push the button baby then you'll see we
can have it all baby you and me. We can have it all baby you and me, we
can have it all baby you and me. Kiss the stars tonight, you and me oh we will, write our names in lights. They
will see
we're in love tonight, love tonight, we're in love tonight, love tonight. Love tonight,
love tonight, we're in love tonight...
