

Rescue Me (Radio Edit)

[KXM](#)

I've been looking for the right time
But the right time never comes
I've been looking for somebody
But not just anyone
And I haven't got the answer
To why I feel alone
I've been looking for the right kind
I'm on the run
Lift me up
Rescue me
Love me up
Let it be
Rescue me
I never find nobody
Never settle down
Yesterday is behind me
The rest is unknow
I'm just weird and drowned like a Rolling Stone
If you would join me
You'd wear a welcome
Lift me up
Rescue me
