

Let It Rain (feat. DJ Fortee)

[Tiffany Rosebud](#)

Darkness covers me how do i let my light shine through the enemy.... gave me choices but forced me to settle for wrong now i wonder in search for identity who i am trying to follow the life and the way that it was when we were in the wilderness constant battles of the mind please forgive me for all the mistakes that i made and the heart that are broken laying in slumber i couldnt see truth was here hidden im fighting to change what they made me unlearning the ways of the master im so fed up and i aint listening lies not rendering to slavery confusing us and your logical thinking is purposely weakning the energy of a spiritual lives (chorus) let it rain let it rain cleanse my heart for the other side let it rain let it rain.... From the bottomnes ive seem to discover to me all your superficialness destroying society let give it up liberation is all that inside of me hey im screaming freedom healing of the minds and peoples heartchorus
