## The Kooks

Viciously, she sleeps  
Walks alone her lonely beat  
She trips, falls into it all  
And I wish I bite my lip and  
Call her away from you my little one  
Oh from you my little one

Don't come too close  
You don't wanna see my ghost  
Your turn but I'm betrayed  
By you my sweetheart  
Don't you think that you went too far  
Do you want to see my heart bleed?  
For you, you and him  
Him and you, you know my heart bleeds

All of us, we're going out tonight  
We're gonna walk all over your cars  
The Kooks are out in the streets  
Oh were gonna steal your signs  
All of us, we're going out tonight  
We're gonna walk all over your cars  
The Kooks are out in the streets  
Oh we're gonna see your...

I'm sorry that I let you go  
I let you down, I let you down my dear  
I always seem to play these games with you my, dear  
I always, I always...

All of us, we're going out tonight  
We're gonna walk all over your cars  
The Kooks are out in the streets  
Oh were gonna steal your signs  
All of us, we're going out tonight  
We're gonna walk all over your cars  
The Kooks are out in the streets  
Oh we're gonna steal your signs

Oh my Juliet, I'll never betray you my love

Oh my Juliet, I'll never, I'll never betray you

Woah woaaaaaoooooooooaoao

Woah woaaaaaoooooooooaoao

Woah woaaaaaoooooooooaoao

Woah woaaaaaoooooooooaoao

Don't come too close

You don't wanna see my ghost

Your turn but I'm betrayed

By you my sweetheart
