

# Exist

## nano

Akaku somatta rashinban  
Me no mae ni hirogaru  
I defy the beating of my heart  
Oboretoku DEAD HEAT

Mujun ni mita itami de  
Inochi tashikameru you ni  
I'm left to lick my wounds again  
REAL hodoiteku

Kurikaeshi miru kodoku ni otsu hitokage  
Ibitsu na yume  
Destroy my existence now

Ima kudake chitta sekai no naka de  
Jijoujibaku kirisutete yuku  
Konna yuuwaku ni ubaware  
Disillusion delusion  
Itsuka ushinatta azayaka na hibi mo  
Subete wo wasureta toki ni  
Resolution redemption  
Asu mo tatakau sube nigirishimete

So take hold  
Just watch a new world  
As it will unfold

Don't let go  
Of your vision  
Just take life head on  
And find your reason

Hibiwareta kagami ni  
Ukanda kokoro no yami  
I deny to sacrifice my heart  
Kuzureteku gensou

Kegareta risou de  
Shinjitsu wo terashite  
I desire to kill the voice inside

FAKE kasanete kieteku

When you think  
You've lost your direction  
It's time to face  
And break your emotion  
Don't turn  
From your true ambition  
You have the right, don't you give it up

It's the day to make your decision  
Save yourself  
From all the corruption  
Show the world a new generation  
This is our fight

Gisei mayoi itsuwari  
Kokoro no katasumi de  
Uzukumatte negau  
Hikari motomete

Kibou yume hakanaku  
Kako mirai toki wo kirihiraite  
Hitomi wo tojite

Asu wo mitsumete  
Te wo nobashite  
Konna seijaku ni  
A silent call  
Toki no nagare de  
Boku wa mezamete  
Revelation revival  
(It's your chance to start again)

Ima kudake chitta sekai no naka de  
Jijoujibaku kirisutete yuku  
Konna yuuwaku ni ubaware  
Disillusion delusion  
Itsuka ushinatta azayaka na hibi mo  
Subete wo wasureta toki ni  
Resolution redemption  
Asu mo tatakau sube nigirishimete

So take hold  
Just watch a new world

As it will unfold

Don't let go  
Of your vision  
Just take life head on  
And find your reason
