

# Won't Let It Slip Away

**Maxi Priest**

Yeah, just making it with you, girlHolding you tight, squeezing you right  
And I won't let it slip away  
When I feel the taste of your sweet embrace  
I couldn't let it slip awayI don't know how I got here  
But I'm in the place  
And the music's rocking in my soul  
No time to wasteThe party is raging and I'm getting hot  
And until I get to know you, girl  
I'm not gonna stopDancing with you cheek to cheek  
And I feel your heat  
And the words you whisper in my ears  
They sound so sweetHolding you tight, squeezing you right  
And I won't let it slip away  
When I feel the taste of your sweet embrace  
I couldn't let it slip awayBeing here with you, girl, just takes me away  
To another place, another time  
Ooh, I love your wayThe music is playing, we're rocking in time  
And you're really getting to me, girl  
You're blowing my mindHolding you tight, squeezing you right  
And I won't let it slip away  
When I feel the taste of your sweet embrace  
I couldn't let it slip awayHolding you tight, squeezing you right  
And I won't let it slip away  
When I feel the taste of your sweet embrace  
I couldn't let it slip awayHolding you tight, squeezing you right  
And I won't let it slip away  
When I feel the taste of your sweet embrace  
I couldn't let it slip away
