

# Commuter Man

## D.R.I.

I play Pac-Man and I watch T. V.  
I'm so happy 'cause it pleases me  
I couldn't really ask for anything else  
Maybe my own chain of Taco Bells I'm perfectly happy right where I am  
I could live forever in a traffic jam  
It doesn't really bother me to breath the poison air  
I'd choke anyway, I don't really care Sometimes I think about getting away for a while  
But when I return I will be out of style  
You may say I'm not an ambitious man  
But let me tell you I've got some plans  
Like there's a new car I wanna buy  
And a video cassette recorder yet I'm not sure why  
I wanna get married and have three kids  
'Cause I'm lonely and I've got the hard dick  
Commuter Man
