Time Can Tell

Electronic

Your voice is breaking up
Get off the phone
Come and see me
These times are hard enough
To be alone
I want you with meAnd much to my regret
It's you I can't forget
Tears on your shoulder
Don't go too far
Surrender me unharmed
Then come with meWill we still be together
In a year from now
Or do we hate each other
We're gonna get through somehow
Has it turned the world into a nightmare
Will it be farewell
Only time can tellWill we still be together
In a year from now
Or do we hate each other
We're gonna get through somehow
Has it turned the world into a nightmare
Will it be farewell
Only time can tellYou'd make the angels wait
And stop the sun if I let you
What good is two
When it's reduced by one
How do you value your loveYou'd better save your breath
Give us both a rest
Until tomorrow
The second you want me
You know I'll come
You are the oneWill we still be together
In a year from now
Or do we hate each other
We're gonna get through somehow
Has it turned the world into a nightmare
Will it be farewell
Only time can tellWill we still be together
In a year from now

Or do we hate each other
We're gonna get through somehow
Has it turned the world into a nightmare
Will it be farewell
Only time can tellWill we still be together
In a year from now
Or do we hate each other
We're gonna get through somehow
Has it turned the world into a nightmare
Will it be farewell
Only time can tell
