

Take You to Heaven

[Nina Nesbitt](#)

I've been flying through the clouds alone
Looking for somebody to hold
And you're here, you're here
And I keep on falling And we're higher than the birds that fly
And we're closer than the lowest sky
Cos you're here, you're here
And I keep on falling For the way you feel like Autumn
When you wrap your body round the
Girl in me that's sometimes haunted
When we're done with the world I wanna take you to heaven
I'm gonna make sure you never think you're here alone
If you meant forever, then look at me now
Just one place left to go I wanna show you heaven
So take a deep breath and I'll take you all the way
If you meant forever, then look at me now
Look at me and say
I'll take you to heaven
Look at me now
Look at me and say Everything that you've been wanting to say
Every part of me is for you to take
I'm here, I'm here
And I'm not going 'Til you say that you're ready to go
Cos I don't ever want to be alone
Stay near, stay near
Let's keep on going For the way you feel like Autumn
When you wrap your body round the
Girl in me that's sometimes haunted
When we're done with the world I wanna take you to heaven
Gonna make sure you never think you're here alone
If you meant forever, then look at me now
Just one place left to go I wanna show you heaven
So take a deep breath and I'll take you all the way
If you meant forever, then look at me now
Look at me and say
I'll take you to heaven
Look at me now
Look at me and say For the way you feel like Autumn
When you wrap your body round the
Girl in me that's sometimes haunted

But we don't let the worldI wanna take you to heaven
I'm gonna make sure you never think you're here alone
If you meant forever, then look at me now
Just one place left to goI wanna show you heaven
So take a deep breath and I'll take you all the way
Just look at me now
Look at me and say
Look at me now
Look at me and say
I'll take you to heaven
Look at me now
Look at me and say
