Goin Down

Evangelicals

(It's goin' down)[Verse 1]
Uh, The night's young,
You can call it underage
It's goin' down,
A bad stock trade
Life's a trip,
Watch your step
If I'm goin' out,
I'm goin' out fresh to death[Bridge]
Cause I ain't come to kill the party,
I'm just here to get it started put your hands in the sky (yeah)
And if you're feelin' ready cause the bass is heavy
Let me see you on the floor show me why[Chorus]
That tonight's goin' down (down x's 4)
Tonight it's goin' down (down x's 4)
Tonight it's goin' down
Till the sun come up
Like I feel like i just had the time of my life
Tonight It's going down
Got the whip tuned up
And the top rolled back, hands up in the sky
Tonight it's goin' down (Down x's 3)[Verse 2]
It's goin' down if you want it,
Not afraid to get up on it
We gon' hustle 'till we own it, That's right
We bring it from LA to O town,
This is how we get down
Ain't nobody plain' around, It's our timeYeah, uh
And I ain't gotta let you know just what it is
To cool for these kids, where the fridge?
We go hard
You go home
We ain't leaving', 'till the break of dawn[Bridge]
Cause I ain't come to kill the party,
I'm just here to get it started put your hands in the sky (Put your hands in the sky)
And if you're feelin' ready cause the bass is heavy
Let me see you on the floor, show me why[Chorus]
Cause tonight's goin' down (down x's 4)
Tonight it's goin' down (down x's 4)

Tonight it's goin' down
Till the sun come up
Like I feel like I just had the time of my life
Tonight It's going down
Got the whip tuned up
And the top rolled back, hands up in the sky
Tonight it's goin' down[Verse 3]
Yeah, you can roll a big boy,
Playin' with the big toys
You can have your money rollin' out of the sky
You can be a hipster,
Playin' with the sisters
Broke with your pockets hangin' out the sideYeah, you can be big girl
Living in the rich world
Looking out of reach, when you're doing your thing
You can be a small town girl,
In an uptown world
Getting' by still livin' the dream(Yeah)[Chorus]
Tonight's it's goin' down (It's goin' down) (down x's 4)
Tonight it's goin' down (down x's 4)
Tonight it's goin' down
Till the sun come up
Like I feel like i just had the time of my life
Tonight It's goin' down
Got the whip tuned up
And the top rolled back, hands up in the sky
Tonight it's goin' down (Down x's 5)(That's right)Tonight it's goin' down (Down x's 5)Tonight It's going down
It's going down
It's going down
(You can be a small town girl, in an uptown world)(Group 1)
