

# Dear June

## Nickasaur!

Hey june

Words cannot describe how much I miss you

From our little walks, to our little talks

I'm a little shocked, and I need to dock

These feelings that I hold insideDear June, it's been awhile

Do you have a phone number I can dial?

If I don't get it now, I think that I might die, no...

No!

I'm exaggerating, but I don't want to be deteriorating

I have a rain cloud and it's filled with doubt

And I don't want that so I'll let it out!

How I feel about you...

If you had my view

It would all seem clear

Like a diamond, my dear

I wish I knew

If you need me too

I'll be by your side

Forever...Dear June,

Words cannot describe how much I need you

From our little walks, to our little talks

I'm a little shocked, and I need to dock

These feelings that I hold insideFrom movie scenes to goodnight dreams

Without a doubt

Just think about

The F-U-T-U-R-E

You radiate like sunshine

And my teddy bear at night time

We can cuddle like penguins do for heatI know I'm right this time

I see the light that binds

And I heard it through the grapevine

That you wanted to be mine

I hope that you believe

Fershure I'll never leave

We'll stick like super glue

Dear June, I love you...Dear June,

Words cannot describe how much I love you

From our little walks, to our little talks

I'm a little shocked, and I need to dock

These feelings that I hold inside[breakdown]Dear June,  
Words cannot describe how much I love you  
From our little walks, to our little talks  
I'm a little shocked, and I need to dock  
These feelings that I hold inside...
