

# The Game

## Oscar and the Wolf

I'm only  
I'm only Where we go?  
Five shots i'm not over  
Baby night life till I blow your cover  
Livin' life like I got a bigger name  
See the name of my game  
Livin' night life thinkin' of my shoulder  
Livin' night life thinkin' i'm my roller  
Livin' life like I got a bigger name  
Livin' life like I got a bigger name  
See the name of my game  
Good bye or be my game  
Good bye or be my game[Bridge]  
Good bye understand i'll unfold ya  
You look so good, I know you're dying  
You love me better, I know you're dying  
You look so good, I'm only dying  
You love me better, I know you're dying I'm only Where we go?  
Five shots i'm not over  
Baby night life till I blow your cover  
Livin' life like I got a bigger name  
See the name of my game  
Livin' night life thinkin' of my shoulder  
Livin' night life thinkin' i'm roller  
Livin' life like I got a bigger name  
Livin' life like I got a bigger name  
See the name of my game  
Good bye or be my game  
Good bye or be my game Good bye understand i'll unfold ya  
You look so good, I know you're dying  
You love me better, I know you're dying  
You look so good, I'm only dying  
You love me better, I know you're dying You look so good, I know you're dying  
You love me better, I know you're dying
