

# Church (part Of Someone)

Stephen Stills

You see, it's my thing to be part of someone  
As a true friend is part of me you know that there's so much  
Oh, little girl, we've got to tell each other about the whole world  
And most especially one another, oh yeah, all right  
And you know, and you know?  
And it's hard, yes it is it's hard, yes it is  
And I wonder  
I wonder could it be a dream?  
Oh yes  
And you know that the self made man, babe  
Is truly shallow he knows he's no one but who he wants to be  
So while you still sing, baby you got to tell me, baby  
Is it your thing to be part of anyone anyone, anyone?

Oh  
And it's hard, yes it is it's hard, yes it is  
And I wonder  
Yes I wonder could it be a dream?  
Oh one time right now  
And it's hard, yes it is it's hard, yes it is  
And I wonder  
I wonder if it's a dream  
Oh now one more time  
And it's hard, yes it is it's hard, yes it is  
And I wonder  
And I wonder children, could it be a dream?
