

Reggae Got Soul

311

Reggae got soul
Got so much soul
Reggae got soul
Got so much soul Listen to the beat
Move your dancing feet
Rock your body line
Move in time You don't have to salute
While I'm passing through Listen to the beat
Move your dancing feet
Rock your body line
Right in time This reggae got soul
Got so much soul Grandmother, can do it?
Grandfather, can do it?
Do it and feel alright This reggae got soul
Got so much soul
Reggae got soul
For the young and old Reggae got soul
Got so much soul
Reggae got soul
For the young and old Reggae got soul
Got so much soul
Reggae got soul
For the young and old Reggae got soul
Got so much soul
Reggae got soul
For the young and old
