City Of Sin

Escape The Fate

Come on, come on
Shake your money maker
Take, take your time
Do it right tonight
Double down, another round
Everybody wears a crown
Place his face on my face
Send it into outer space
City of sin yeah, we just can't deny it
City of sin yeah, we just cannot fight it
City of sin, raise a glass and lets toast to it
We're singing, welcome to the city of sin
Sin, sin, sin
City of sin
Sin, sin, sin, sin
City of sin
Come on, come on
Meet me on the top floor
You know you wanna, you know you wanna
So dangerous but I thirst for more
You know I want it, you know I want it

Double down, jump around
Everybody wears a crown
Place his face on my face
Send it into outer space
City of sin yeah, we just can't deny it
City of sin yeah, we just cannot fight it
City of sin, raise a glass and lets toast to it
We're singing, welcome to the city of sin
Sin, sin, sin
City of sin
Sin, sin, sin, sin
City of sin
City of sin yeah, we just can't deny it
City of sin yeah, we just cannot fight it
City of sin, raise a glass and lets toast to it
We're singing, welcome to the city of sin
Sin, sin

Welcome to the city of sin
Sin, sin
City of sin
