Hangin On

iio

Try and try
To forget me tonight
Carry on
The moments you deny
I will not repeat
The things you've said
When I think of them
I must forget
I can't believe
The faith I had in you
Move along
Carry on
I can't keep it
Hanging on
Move along
I'll be gone
I can't keep it
Hanging on
Hanging on... hanging on...
Time will pass
But it will linger on
All the reasons
You held will be gone
Tell me once again
I could be wrong
Didn't you once say
You won't go on
All the things you said
Meant nothing true
When you burn the bridge
You can't return
Every season
Lessons the concern
