

# Come On Home

Mary Chapin Carpenter

Slowly as you look at me  
In your eyes I can't believe  
All the things I'm seeing now  
Plain as day to me somehow  
Oh love, come on home  
Promises a heart can keep  
Happiness is you and me  
Never was a dream so right  
Love has finally come in sight  
Oh love, come on home  
You fit into my life and  
You seem so right, like someone planned it  
You give yourself to me and  
You give so easily  
Seems like you always understand  
Everything says you're the one

Time is shining like the sun  
Telling my heart what to say  
Growing old with you someday  
Oh love, come on home  
You give yourself to me and  
You give so easily  
Seems like you always understand  
Everything says you're the one  
Time is shining like the sun  
Telling my heart what to say  
Growing old with you someday  
Oh love, come on home  
Oh love, come on home  
Oh love, come on home  
Oh love, come on home
