

Cry

Tank

[Verse 1] Yeah..... Alright

First let me say I've never loved no one
the way that I love you girl
but I hate to say

I've tried and I'm almost done
with all this me and you girl

So why can't I leave when I know you and me
probably going be fighting again
then we going be right here again

I'm Trying not to look cuz thats all it took
the last three times
so you see that's why

[Chorus] I'm trying to make it out the door before she start to Cry
Cry

I'm hearing tears hit the floor I think she starting to Cry
Cry

I almost made it I said what I had to say
and she knows I hate it cuz it makes me want to stay

When she Cry Cry Cry Cry Cry

I made up my mind but then she started to cry

[Verse 2] God make it rain, rain drops would hide her tears
please help me

don't let it start 'til I'm somewhere far from here
please help me

ooh I want it over

but it aint over

she's getting closer

now she's on my shoulder

she's doing it again

I don't know if it's ever gonna end

don't want to go back where we've been

And that's why

[Repeat Chorus][Bridge] 1 tear I still got my bags backed

2 tears I'm walking but I'm looking back

3 tears she know she going to win

before they hit the floor I'm doing it again

5 I'm turning back around

6,9,12 now I'm losing count

Back in the house, back on the couch
thought we was breaking up but now we working it out

[Repeat Chorus]Cry
