

Cactus Practice

Tori Amos

Tori:
Maybe he and I
Anabelle:
Are like a pair of suns
That are captured
Tori:
Maybe he and I are like a pair of suns
That are captured
Anabelle:
Eternally linked into chasing
Each other's spin
Tori:
Eternally linked into chasing
Each other's spin
Bound by beliefs
Anabelle:
That have become steel cords
Tori:
Why the disharmony?
Let's resynch my world
With a harmonic defiance I'll face this
Anabelle:
I'd like to induct you into
The drink of the cactus practice
Cactus
Tori:
Cactus
Anabelle:
Practice
Tori:
Will you induct me into
The drink of the cactus practice?
Cactus
Anabelle:
Cactus
Tori:
Practice
Are you saying I'm
Anabelle:
Reactive but I can work with a doll face
Tori:
Every couple has their version of what they call the truth
Every couple has their version of what they call the truth
Call all that lies
Anabelle:
Beneath both stories
Tori:
Back to my fire
Anabelle:
Embrace what you find
Tori:
With a harmonic defiance I'll face this
Anabelle:
It's time to induct you into
The drink of the cactus practice
Tori:
Cactus
Anabelle:
Cactus
