

The Unbreakable (Grayarea Mix)

BT

Are feelings cast in stone
Or can you navigate a desperate road
Is change a choice for everyone
Or are we destined when we're born I know you've waited so long
Though you've waited so long
I know you've waited so long, so long
So long And now you have the sun, the moon
Helps you blossom, makes you bloom
You can't deny
That all our fading hopes and dreams
Light up like Christmas trees Well ask me how I know
Ask me how I know
I feel like I'm alive
I can't lose
On a scale, on a scale, on a scale
*that only proves The sun, the sun, the sun
Gets in my eyes, my eyes
*I'm seein' the sun through the dark and the grey Even the sun in the light of the day
*Never return, never turns my way
I, I, I, I, I, I'm not breaking
*There's somewhere with love in a space I have known
In a massive city of stone
Even though, even though I'm not breaking
I'm not breaking Truth as we see it
*Hearts stressed to the limit
And everyone's coming over Treat me like no other
You treat me like no other
No Other
No Other
No Other
Deeper down
Deep Below
How happy How many hopes
How many blows
How many highs
How many lows
How many dreams No I will, I will, I will, I will I'm the light below you
I'm the light below you
I'm the light below you

Below you So don't look down
Don't look down On and on and on and on
On and on and on and on Even the sun in the light of the day
*Never return, never turns my way
I, I, I, I, I, I'm not breaking
*There's somewhere with love in a space I have known
In a massive city of stone
Even though, even though, I'm not breaking I'm feeling the sun in the light of the day
It's simmering heat gonna lead my way
I, I, I, I, I, I'm not breaking
Somewhere there's love in a place i have known
*I gotta get back, yeah and maybe alone
Even though, Even though, I'm not breaking
I'm not breaking
I'm not breaking How much truth can you handle
*Hearts meld like candles
*Heartfelt
And everyone's coming over Everyone's coming over
Everyone's coming over
Everyone's coming over
