

Lipstick

Alesha Dixon

I said, are you ready
Uh, yeah, hey
Come on, hey, hey
Hey, hey, heyLet's do it
Are you readyWhoa whoa yeah
Whoa whoa yeahAll my ladies
Let's do it
Come onI know the girls inside
There wanna get on with the ladies
But there are always fellas there
To stir and make you crazyThey try to get you flaky
Can't find no buts no maybes
You think that girl's a traitor
But that man's the instigatorTurning up with your jewelery on
Making moves with your lipstick on
Want some of that cushy stuff
Whoa whoa oohLet's jump when the music's on
All my girls living up till dawn
Want a little bit sing this song
Whoa whoa oohWhy do you think that every girl
Out theres your enemy
You're looking at her with
The green eyed filled with jealousyIt's not the way its supposed to be
So c'mon ladies dance with me
And I'll tell ya,
No, n-n-n-n-n-no, no
No, no, no, no, no, noTurning up with your jewelery on
(Oh, yeah)
Making moves with your lipstick on
Want some of that cushy stuff
Whoa whoa oohLet's jump when the music's on
All my girls living up till dawn
Want a little bit sing this song
Whoa whoa oohWhoaMmmFeel the rhythm in your body
Gotta lose control
All the ladies get together
We'll be on a rollFeel it in your soul
If you wanna get on down
Then it's time to look around

We're all the same
Yeah You gotta think about it
You're beating up yourself Yeah, yeah, yeah Turing up with your jewelery on
Making moves with your lipstick on
Want some of that cushy stuff
Whoa whoa ooh Let's jump when the music's on
All my girls living up till dawn
Want a little bit sing this song
Whoa whoa ooh Turing up with your jewelery on
Making moves with your lipstick on
Want some of that cushy stuff
Whoa-whoa-ooh Let's jump when the music's on
All my girls living up till dawn
Want a little bit sing this song
Whoa-whoa-ooh Whoa whoa, yeah
Whoa whoa, yeah Want some of that cushy stuff
(Whoa whoa, ohh) Whoa whoa, yeah
Whoa whoa, yeah One of them better
Sing this song
