

Young Lonely

Emarosa

I freak out and wait time
for talking back already you too
Can I grow, can I live it alone?
And thinking it about you too I can't lie, I have my father's eyes Hey I'm lonely
Hey I'm lonely
Is it all okay?
You find out you was wrong
[x2] Finding out you in me
Dead in my head, dead in my home
But I can't remember what it is (what it is)
About you
Checking my heart, checking it in my hope
Watching the lies when I'm bless talking it with you I can't lie, I have my father's eyes Hey I'm lonely
Hey I'm lonely
Is it all okay?
You find out you was wrong
[x2] Make me a martyr
Make me a martyr
Make me a martyr
Make me... Hey I'm lonely
Hey I'm lonely
Is it all okay?
You find out you was wrong
[x2] Make me a martyr (you find out)
Make me a martyr (you was wrong)
Make me...
You find out you was wrong Make me a martyr (Hey I'm lonely)
Make me a martyr (Hey I'm lonely)
Make me... (Is it all okay?)
You find out you was wrong
