Motel

El Columpio Asesino

[Verse 1]
sign read vacancy
and in my mind, how could this be
you should your emotions just the previous night
now how could i be witnessing
such a sight to see tonight?
as i walk towards the door
my thoughts began to leak
do i want to blow the score
or just releave you with this freak?
as i turned and walked away
these three words became to me:

[Chorus]
go to hell, baby
'cause i know i saw you go into a motel

[Verse 2]
time stood close to me
and helped me unwind
a day or two to release
i kept my composure with the evidence that might
have kept me from holding my peace
and putting up a fight
i avoided your excuse
you can save your song and dance
and further more the proof
you dummy, was laying in your pants
just pack your shit and leave
remember these three words and scram:

[Chorus] x2
go to hell, baby
'cause i know i saw you go into a motel

[Bridge]
i used to grab you and hold you and love you
i used to grab you and hold you and love you
i used to grab you and hold you and love you
i used to grab you and hold you and love you

hotel, motel, holiday inn, ohh
i used to grab you and hold you and love you
i used to grab you and hold you and love you

[Chorus] x2
