

# I Believe In You

Joy Williams

You breathe and life begins  
You speak and my world makes sense  
But that's how it is when it comes to you

Your mercy has no end  
You're more than just a friend  
It amazes me you feel the way you do

I believe in you and nothing less  
I believe in you can't help myself  
You're all the hope the reason that I need  
I believe in you just because  
I don't need no one to prove your love  
For all that I have seen  
It's easier for me to believe in you

You are so beautiful  
You are the miracle  
That dries the tears  
And heals the wounded hearts

It's so clear to see  
Your hand in everything  
You were there for me  
There to see me through

Through the fire and through the rain  
I know your love for me will never ever change

I believe in you and nothing less  
I believe in you can't help myself  
You're all the hope the reason that I need  
I believe in you just because  
I don't need no one to prove your love  
For all that I have seen  
It's easier for me to believe in you
